

# From Days to Hours: How Schertz EMS simplified compliance and transformed training.

City of Schertz, TX  
**CASE STUDY**

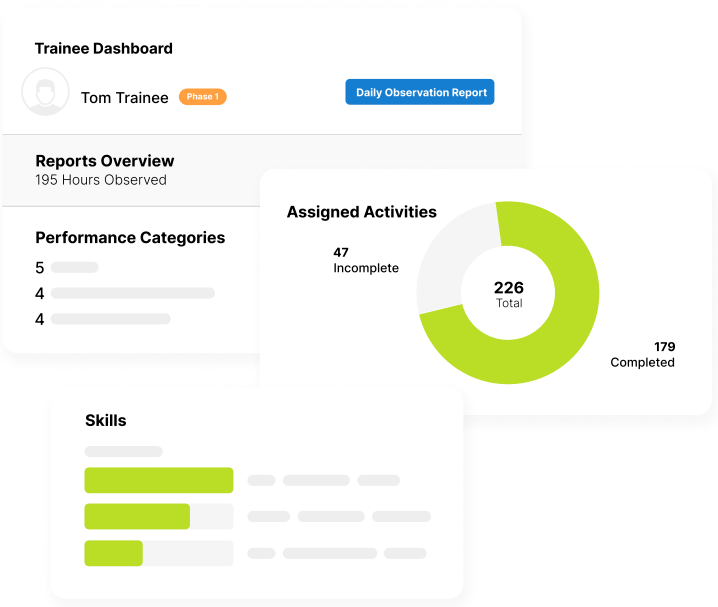

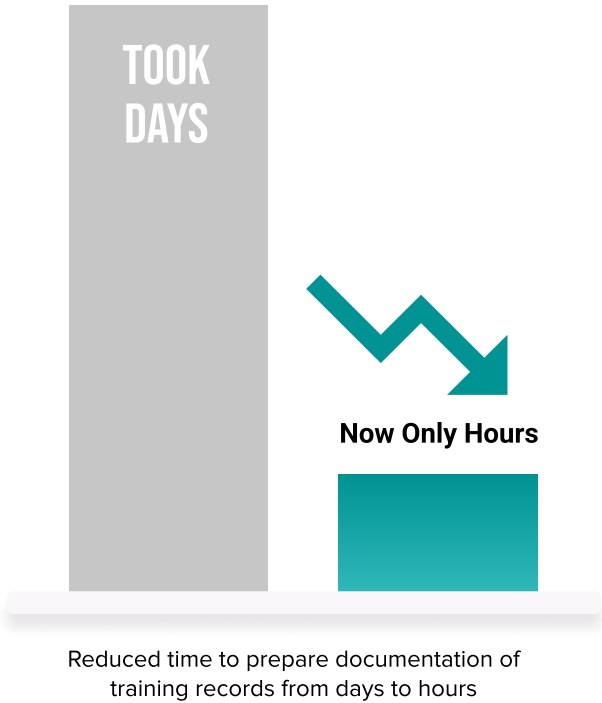

## CHALLENGE ONE

Scattered training records made proving compliance a long and stressful process. Gathering training records for a grand jury summons took days.

### ✓ OUTCOME

#### Hours vs. days to prepare documentation of training records.

All of their training records are in one place, making it quick and easy to pull any documentation needed for compliance.

## CHALLENGE TWO

Paper processes limited visibility, making it hard to proactively identify if a trainee was struggling.

### ✓ OUTCOME

#### Trainee issues can now be identified in real-time.

Schertz now uses reporting to compare trainer and trainee data, helping to quickly identify training issues and maintain trainer consistency.

“PowerReady ended paperwork chaos and improves our training. It's a game-changer.”
