

# How Gillette Police Department saves time and stays on track with PowerReady.

City of Rockford, IL  
**CASE STUDY**

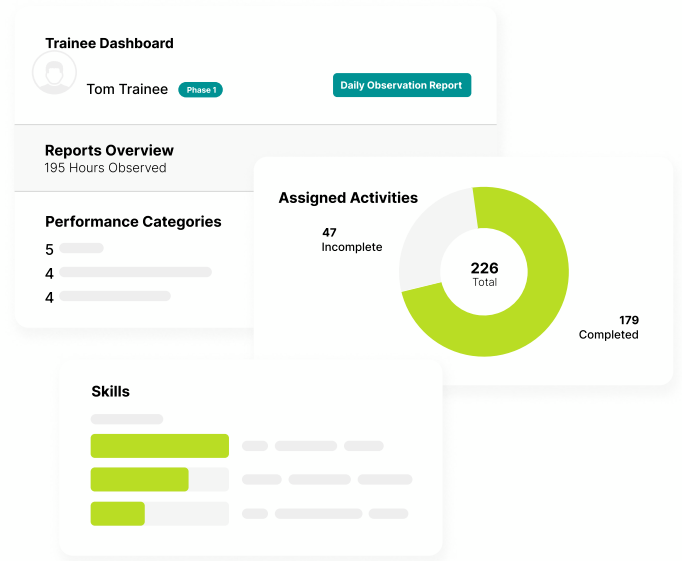

## CHALLENGE ONE

Training coordinators struggled to keep track of signatures, phase completion, and underperforming recruits.

 **OUTCOME**

**Trainers and supervisors can track everything with a click.**

Dashboards provide visibility of the whole program at a glance, and trainee progress can easily be tracked and analyzed in seconds.

## CHALLENGE TWO

FTOs had to spend several hours of overtime at the end of every shift to document activities and score trainees.

 **OUTCOME**

**1600 hours of overtime saved per year.** FTOs can score activities in the moment instead of being held over at the end of their shift, trying to remember what they did at 6:00 a.m.

**1,600 HOURS SAVED** 

“It’s a huge time saver for me, and it helps keep me organized. It’s just easy – **I can click and it’s all right there.**”

**Corporal Christine Winterholler - Training Coordinator**  
Gillette Police Department (WY)
