

# Why Professional Standards Suite

## Agencies have been underserved by professional standards software.

The Professional Standards Suite from PowerDMS by NEOGOV is uniquely designed to elevate your agency's operations with three fully-integrated solutions – Action, IA, and Vitals. The software works together to provide efficiency, accountability, and the data your agency needs.

### Action

*Streamlined reporting  
for officer actions*

### One Seamless Platform

Log in once to access the full suite. This software isn't just connected – it's all built in one place.

### IA

*Secure internal affairs  
case management*

**Link2Blue** *included with purchase*  
*Automated feedback portal*

 **Policy** *direct integration*  
*Policy management software*

### Secure, Trusted Framework

Rest easy knowing that PSS is protected by AWS GovCloud and built on the secure framework of PowerDMS by NEOGOV.

### Vitals

*Wellness-forward  
early intervention*

 **Line** *included with purchase*  
*Anonymous wellbeing app*

### Support Officers Earlier

Support officers earlier than traditional alerts and elevate assistance further with an anonymous wellbeing app.
